

Save Money on Natural Gas Appliances Now.

It's a well-known fact that natural gas is the best choice for reliability, comfort and efficiency.

Now is the time to buy new, energy-efficient natural gas appliances that will lower your energy use and make your home even more comfortable.

This spring most states are offering rebates on many ENERGY STAR® rated appliances. Plus, your purchase could qualify for a federal tax credit too!
Go to www.atmosenergy.com/efficiency for details!

Before you buy a new natural gas heating system, water heater or other home appliance this spring, check out your state's rebate offer. *Details to keep in mind are:*

①

When are the rebates valid?

②

What appliances and efficiency ratings qualify?

③

Each state has a different offer, and not all states are participating.

Savvy consumers can also take advantage of federal tax credits* on qualifying natural gas appliances and other home improvement items. The federal tax credit is applicable throughout 2010.

To find information on your state's appliance rebate program and the federal tax credit, go to www.atmosenergy.com/efficiency.
