It is the responsibility of the builder to ensure that the program requirements are met. If program requirements are not met, no rebate will be paid.

# Residential New Construction Rebate Application

## Qualifications

The qualifying equipment must be installed in a Mississippi home served with natural gas from Atmos Energy and must meet the following efficiencies or requirements.

Storage tank water heater	.67 EF or higher	\$100
Tankless water heater	.80 EF or higher	\$250
Condensing tank water heater	90% TE or higher	\$100
Natural gas forced-air furnace	90% - 94.9% AFUE	\$500
Natural gas forced-air furnace	95% AFUE or higher	\$600
Gas dryer stub	Ready for homebuyer	\$150
Smart thermostat	WiFi enabled*	\$100

Atmos Energy uses AHRI (Air Conditioning, Heating & Refrigeration Institute) listings to determine the efficiency of the equipment.

Rebate offer applies only to new natural gas equipment.

Plumber and HVAC contractors are not eligible to receive customer rebate.

Equipment installed under warranty replacement does not qualify for the rebate.

\*See qualifying list on [atmosenergy.com](http://atmosenergy.com)

## Application Requirements

The application must be completely filled out with builder information, equipment information (including brand, complete model number, serial number, installation date and Energy Factor) and installer information. Atmos Energy is unable to accept applications that do not include all this information. A copy of the dated invoice or sales receipt must accompany completed rebate application and must include the following information: brand and complete model number. It is the responsibility of the builder to ensure that the installed equipment qualifies for the rebate. If it does not qualify, no rebate will be paid. Atmos Energy reserves the right to inspect the installed equipment.

The rebate application form must be submitted within 90 days of purchase. To avoid delays in rebate processing, please submit your completed paperwork as soon as equipment installation is complete. Rebates are awarded on a first-come, first-served basis until funds are depleted. Please check the program website for updates. Rebate qualifications and amounts are subject to change.

## Rebate Details

Atmos Energy issues cash rebates in the form of checks, not utility bill credits. Atmos Energy is not responsible if the installer does not provide accurate information about the amount of rebate or equipment eligibility. Rebate checks will be mailed within 4-8 weeks. Program funds are limited and are paid on a first-come, first-served basis while funds are available.

## Application Checklist

- Dated sales invoice (must include equipment model numbers and costs)
- Builder signature
- Atmos Energy account number

## Mail, fax, or email completed paperwork to:
