Equipment Information (see back for rebate amounts)

Date equipment installed	Equipment type**	Quantity	Burner rating/ boiler size (BTUH Input)	Brand	Model	Efficiency of existing equipment	Boiler combustion efficiency†	Equipment cost (excluding taxes & labor)	Installation cost (Applies to MB & VD only)
1	<input type="checkbox"/> MB <input type="checkbox"/> RC <input type="checkbox"/> CC <input type="checkbox"/> VD							\$	\$
2	<input type="checkbox"/> MB <input type="checkbox"/> RC <input type="checkbox"/> CC <input type="checkbox"/> VD							\$	\$
3	<input type="checkbox"/> MB <input type="checkbox"/> RC <input type="checkbox"/> CC <input type="checkbox"/> VD							\$	\$
4	<input type="checkbox"/> MB <input type="checkbox"/> RC <input type="checkbox"/> CC <input type="checkbox"/> VD							\$	\$

**Equipment type designation: MB = Fully modulating burner, RC = Reset control, CC = Cut-out control, VD = Vent damper
 †Boiler efficiency value to represent the designed/installed operating efficiency of the boiler for the application
 (i.e. based on designed return water temperature, average input level, steam pressure, etc.).

Rebate total \$

Commercial & Industrial Boiler Component Rebate Application

Boiler component rebate amounts

Technology	Rebate Amount
Fully modulating or 6 step modulation boiler burner*	\$1,000 per MBTU/hr. input up to \$3,500
Reset control for boiler	\$150 per reset control installed
Cut out control for boiler	\$150 per cut out control installed
Vent damper for boiler	\$250 per vent damper installed
* \$1000 / MMBTU / hr. input up to \$3500, not to exceed 25% of equipment / installation cost. \$100 per Boiler tune (must be submitted on separate Boiler Tune-up application form)	
Boiler Tune-up available by completing a separate Boiler Tune-up rebate application form	

Important Requirements

1. All qualifying equipment must be fully installed and operational. Installation is subject to inspection by Atmos Energy or Atmos Energy's third party implementor, CLEARresult.
2. Enclose invoice showing separate figures for equipment, labor and taxes.
3. All required information must be submitted before rebate can be paid.
4. Qualifying equipment must use natural gas provided by Atmos Energy in Mississippi for a commercial account.
5. To avoid delays in rebate processing, please submit your completed paperwork as soon as equipment installation is complete. Rebates are awarded on a first-come, first-served basis until funds are depleted. Please check the program website for updates.
6. Rebate checks will be mailed within 4-8 weeks. Program funds are limited and are paid on a first-come, first-served basis while funds are available.

For more information please visit www.atmosenergy.com/SmartChoiceMS

Large commercial and Industrial customers may be eligible to receive comprehensive audits or studies identifying efficiency opportunities, associated cost and savings. Call 877-616-6267 or email john.thompson@clearesult.com.

Mail, fax, or email completed paperwork to:
