X Participating contractor’s signature

HVACR license #

It is the responsibility of the Atmos Energy customer/participating contractor to ensure that the program requirements are met. If program requirements are not met, no rebate will be paid.
Qualifications
The qualifying equipment must be installed in a Mississippi business served with natural gas from Atmos Energy and must meet the following efficiencies or requirements.

Atmospheric, direct, or power vent water heaters

<table>

<td>Condensing water heaters (kitchens)</td>
<td>90% TE or higher</td>
<td>$450</td>
</tr>
<tr>
<td>Condensing water heaters</td>
<td>90% TE or higher</td>
<td>$100</td>
</tr>
</tbody>
</table>

Rebate offer applies only to new natural gas water heaters. Atmos Energy uses AHRI (Air Conditioning, Heating & Refrigeration Institute) listings to determine the efficiency of the equipment. Dealers/plumbers are not eligible to receive customer rebate.

Application Requirements
Application must be completely filled out with customer information, equipment information (including brand, complete model number, serial number, installation date and Energy Factor) and installer information. Atmos Energy is unable to accept applications that do not include all this information. A copy of the dated invoice or sales receipt must accompany completed rebate application and must include the brand and complete model number. It is the responsibility of the Atmos Energy customer/participating contractor to ensure that the installed equipment qualifies for the rebate. If it does not qualify, no rebate will be paid. Atmos Energy reserves the right to inspect the installed equipment.

Rebate qualifications and amounts are subject to change. The rebate application form must be submitted within 30 days of installation. To avoid delays in rebate processing, submit your completed paperwork as soon as equipment installation is complete. Rebates are awarded on a first-come, first-served basis until funds are depleted. Program funds are anticipated to be available annually. Please check program website for updates.

Rebate Details
Atmos Energy issues cash rebates in the form of checks, not utility bill credits. Atmos Energy is not responsible if the dealer/plumber or retailer does not provide accurate information about the amount of rebate or equipment eligibility. Rebate checks will be mailed within 4-8 weeks. Program funds are limited and are paid on a first-come, first-served basis while funds are available.

Application Checklist
- Dated sales invoice (must include make, model #, and cost of water heater)
- Atmos Energy customer signature
- Participating Contractor signature (if the water heater was installed by a participating contractor)
- Atmos Energy account number

Mail, fax, or email completed paperwork to:
CLEAResult
232 Market Street
